Hot off the presses. Real Madrid (with David Beckham, Ronaldo, and other stars) will play an exhibition match against D. C. United in Seah<sup>^</sup>H<sup>^</sup>H<sup>^</sup>H<sup>^</sup>Quest Field on Wednesday, August 9th. I wonder if it'll be anything like the last soccer match I saw. At least let's hope they're ready to play instead of having tired themselves out playing video games.

Tickets go on sale today.
