December 9, 2008

Raymond Chen

In January 2008, [John Bohannon](#) held a contest titled *Dance your PhD*, wherein contestants were invited to express their PhD thesis in five minutes through the medium of dance. It was such a hit that it came back for a sequel: The 2009 Dance Your Ph.D. contest.

*Only a Game* [interviews John Bohannon \[mp3\]](#). You can also watch the winning dance, *The role of vitamin D in beta cell function* on YouTube, along with the [other winners](#).
