

Qrystal does more research into those spam blogs

 devblogs.microsoft.com/oldnewthing/20090429-01

April 29, 2009

Raymond Chen

Blogger [Qrystal](#) got hit with blog trackback spam and did research into the phenomenon, even discovering the author trying to sell the spam blog.

| And he had to cut the price because Google AdSense has cut him off. Ha, ha, haaahhhh~!

(Read the blog entry for the spammer's for-sale offers and other linkity goodness.)
