

Misleading advertisement: Passports or green cards?

 devblogs.microsoft.com/oldnewthing/20120104-01

I happened to spot an online advertisement for a company that will help you enter the lottery for a United States Permanent Resident Card, commonly known as a Green Card (even though they card isn't green any more). The advertisement was illustrated with a picture of a United States passport.

Um, a Green Card is not the same as a passport, nor does a Green Card authorize you to obtain a passport. Passports are for citizens, not alien permanent residents.
