Did you accidentally drop your Bolta-Hardrubber comb into the river? [They found it.](#)

Or your red Pocketline Swing HD1 mobile telephone? [They found that too.](#)

Or your keychain? [Yup. They found it.](#)

As part of the construction of the North/South metro line in Amsterdam, engineers drained the historic river, and archaeologists cataloged the objects found at Damrak¹ and Rokin.

You can see the results at [belowthesurface.amsterdam](#) (English version).

Even the [radioactive toothpaste.](#)

[Arranged chronologically.](#) [Arranged by object type,](#) including a tour of notable objects.

h/t [Metafilter.](#)

¹ Not to be confused with [Darmok,](#) which is something else entirely.
