cambuz.blogspot.de/2016/06/form-grabber-2016-cromeffoperathunderbi.html

hi guys !

Am selling our Newest Form grabber which supports all kind of browsers and applications

IMPORTANT
You must read this Terms of Service carefully before attempting to purchase FormBook.
FormBook is a browser-logger software, it has no extension, plugin nor anything you can use to deface browser or easily carry out financial fraud.

The solely purpose of this tool is for you to be able to spy on your smart kids that knows their way around keyloggers, your smart spouse that superseded all monitoring tools you installed on his/her PC, your smart employee or a computer which you have authority to spy on.

All that been said it is important to note that FormBook should only be use on computer which you own and/or have right/permission to spy. Also check your local laws to see If it's illegally before purchasing FormBook.

In no circumstance shall the Developer of FormBook be held liable for your illegal use of the software, or any damages caused by your use of the software. Please use it responsibly.
